LOOPED WIRE TIES

PRODUCT DESCRIPTION

Double Loop Wire Ties are easy to twist and hard to break which makes them ideal products for a wide and varied range of industries such as farming, orchards/vineyards, manufacturing, civil engineering, building and construction to name a few.

Typical applications include:

- Securing bags or sacks of feed, potatoes, onions, carrots etc.
- Securing of concrete reinforcement bars and mesh in construction and engineering.
- Fencing
- Bundling of bar stock, tubing and pipes etc.
- Securing of supports in orchards/vineyards
